

KING KONG BLUES

MAKE
ROCK'N'ROLL
GREAT AGAIN!

King Kong Blues play a dirty rock'n'roll from Robert Johnson to Jon Spencer !

These 3 boys shared stages with The Fleshtones, The Meteors, Black Diamond Heavies, Powersolo and toured several times in Europe (Spain - Portugal - Belgium - Netherland).
KKB spread the good vibes of the real rock'n'roll and can drive a lot for !

ROCK-FOLK Review of their first EP :

"King Kong Blues is a minimalist concept for fans of Jon Spencer and Jack White run by an out of control singer , two raw/catchy guitars and a ton of break beats drumming patterns ! Singing in french, english and even spanish, King Kong Blues is a crossroads of many rock'n'roll influences. Don't miss them if they play in your town !"
